FOR IMMEDIATE RELEASE

Buzz Nabers is a well-respected dentist who is committed to his family, his patients, and his community.

Dr. Nabers has settled a financial case brought by the government over something that ended many years ago. Dr. Nabers readily cooperated and took responsibility for what happened then, and he has fully made restitution. His case has concluded, and his dental practice will continue. What occurred back then doesn't speak to how Dr. Nabers cares for his patients or runs his practice now. As a person of faith, he believes we are all deserving of grace and forgiveness.

Dr. Nabers appreciates the support he has received from his loving family, colleagues, patients, and friends, who know him to be a caring person and excellent dentist. Dr. Nabers looks forward to continuing to serve his community as a small business owner, employer, and dentist. Buzz Nabers is dedicated to continuing to provide his patients with excellent care.

It has been our honor to represent Dr. Nabers and help guide him and his family through this process.
